Stadium Match Day Security

We have always loved match day. The LSFA is determined to provide a security architecture that keeps people safe without getting in their way.

Football events are exciting. They're full of thrills and heightened passions. That's why we're so passionate in turn about making sure that every event is as safe as it can be – because football is special, and fans deserve security.

We draw on our experience and knowledge to devise and deliver football security solutions that will make every football event enjoyable to attend. Good security doesn't mean that an experience can't be seamless – and on the big day, ensuring safe enjoyment matters. It is on this basis that we highlight stadium permitted and prohibited items on each football event days.

Please find below the list for your attention. We would appreciate if you will give it a wide circulation to all fans and supporters of participating teams.

Event Security

Wherever people gather at the stadium, there will always security personnel. LSFA will keep spectators and participants safe, make sure that they're where they need to be when they need to be there – and see that everything's as it should be in every way.

The security team are working tirelessly in the background, providing the essential planning and organisation which sit behind the glamour.

The team will work from venue management, security and stewarding, to orchestrating traffic and parking — our indispensable services are the heartbeat of any successful event. LSFA is determined to set the standards for the industry: LNSC personnel are well trained, well qualified and full of initiative that suit the project.

Arena Security

The arena is an environment with its own particular security demands. It is a place with many entrances and exits, many floors and doors; to secure an arena requires expert attention to detail.
